

Amendments to the Claims:

This listing of claims will replace all prior versions, and listings, of claims in the application:

Listing of Claims:

1. (currently amended) A method for treating a skin disorder ~~[[to]]~~ in a patient in need thereof, the method comprising the step of administering a therapeutically effective amount of a reconstituted liquid solution of botulinum toxin to a location of a skin disorder of the patient, wherein the skin disorder comprises a disorder selected from the group consisting of warts, corns, calluses, ~~neuromas~~ a swelling or scarring of a nerve that connects two toes, hammertoes and bunions, thereby treating the skin disorder.

2. (original) The method of claim1, wherein the botulinum toxin is selected from the group consisting of botulinum toxin types A, B, C, D, E, F and G.

3. (original) The method of claim 1, wherein the botulinum toxin is a botulinum toxin type A.

4. (original) The method of claim 1, wherein the botulinum toxin is administered in an amount of between about 1 unit and about 3,000 units.

5. (original) The method of claim 1, wherein the administration is by topical or subcutaneous administration of the botulinum toxin.

6. (currently amended) A method for treating a skin disorder ~~[[to]]~~ in a patient in need thereof, the method comprising the step of locally administering between 1 unit and 3000 units of a reconstituted liquid solution of botulinum toxin to a skin

disorder of the patient, wherein the skin disorder comprises a disorder selected from the group consisting of warts, corns, calluses, ~~neuromas~~ a swelling or scarring of a nerve that connects two toes, hammertoes and bunions, thereby treating the skin disorder.

7. (cancelled)

8. (original) The method of claim 6, wherein the skin disorder is treated by reducing a pain associated with the skin disorder.

9. (original) The method of claim 6, wherein the skin disorder is treated by reducing inflammation associated with the skin disorder.

10. (original) The method of claim 6, wherein the skin disorder is treated by reducing the size of the skin disorder.

11. (cancelled)

12. (currently amended) A method for treating skin disorder ~~[[to]]~~ in a patient in need thereof, the method comprising a step of administering a therapeutically effective amount of a reconstituted liquid solution of botulinum toxin to a location of a skin disorder of the patient, wherein the skin disorder comprises a disorder selected from the group consisting of dermatofibroma, ~~keloid~~, mole, granuloma and keratose, thereby treating the skin disorder.

13. (new) A method for treating a skin disorder in a patient in need thereof, the method comprising the step of administering a therapeutically effective amount of a reconstituted liquid solution of botulinum toxin via syringe to a location of a skin disorder of the patient, wherein the skin disorder comprises a disorder selected from the group consisting of warts, corns, calluses, a swelling

or scarring of a nerve that connects two toes, hammertoes and bunions, thereby treating the skin disorder.

14. (new) The method of claim 13, wherein the botulinum toxin is selected from the group consisting of botulinum toxin types A, B, C, D, E, F and G.

15. (new) The method of claim 13, wherein the botulinum toxin is administered in an amount of between about 1 unit and about 3,000 units.

16. (new) The method of claim 13, wherein the skin disorder is treated by reducing a pain associated with the skin disorder.
